Everybody Wants Your Money

What can be animated?

frame

bounds

transform

alpha

backgroundColor

contentStretch

Block animation with options

```
UIView.animate(  
    withDuration: 0.5,  
    delay: 0.3,  
    options: [.repeat, .curveEaseOut, .autoreverse],  
    animations: {  
        self.username.center.x += self.view.bounds.width  
    }, completion: nil)
```
